Wow, that sounds like amazing work! I hope your trip goes well.

We will be aiming to have these meetings quarterly so hopefully we'll see you at the next one.

Elizabeth

Dear Elizabeth,

It does sound like a good idea to consolidate the two meetings with a single meeting on March 5th. Unfortunately, I'll be out of the country next week. I have worked with a number of Salvadoran women in San Salvador for almost 10 years, and I am bringing a major funder down to look at their program.

Here at the Ironbound Community Corporation we remain committed to the remediation and restoration of the Passaic River, and we are pleased to be a part of the group working to make it happen. i certainly plan to be at the next meeting.

Carol Johnston
